

Atlas Online Weathering Academy

Atlas Basic Online Seminars

Continuing Atlas' long tradition of providing weathering related seminars and workshops for our clients, the Atlas Client Education Team has developed online seminars to introduce the fundamentals of natural and accelerated weathering. These seminars will broadcast at different dates and times. Each seminar will be followed by a question-and answer session.

Seminar Program

Factors of Weathering

This seminar addresses the influences of weather, i.e. solar radiation, temperature, and moisture on materials including how they are measured and how their impact can be estimated.

7 am - 8 am CST/Chicago
14.00 - 15.00 CET/Berlin

Laboratory Weathering

This seminar addresses how environmental stress factors are translated into artificial weathering test cycles and the purpose of standards for weathering testing. Examples are given on the most common test methods for automotive, textiles, coatings, and other applications.
